### **ALL WELCOME**

**RSVP TO:** Samita Singh at 916-324-7206 or [Samita.singh@ohs.ca.gov](mailto:Samita.singh@ohs.ca.gov)

The California Statewide Interoperability Executive Committee (CALSIIEC) was established in 2003, by the Director of the Governor's Office of Emergency Services (OES), to consolidate California's administration of state and nationally designated Mutual Aid (interoperability) channels, and to fulfill California's responsibilities outlined by the Federal Communications Commission (FCC) in 47 C.F.R. §90.525.

To address the requirements of regional communications interoperability, while maintaining a statewide framework, CALSIIEC established four (4) Planning Area subcommittees in 2004. The Central Planning Area consists of the following counties: Fresno, Kern, Kings, Madera, Mariposa, Merced, and Tulare.

**Meeting Purpose:** To initiate the formation of the Central CALSIIEC Planning Area to work in collaboration with the statewide CALSIIEC (<http://www.calsiee.org/>) and the Public Safety Radio Strategic Planning Committee (PSRSPC)(<http://psrspc.ca.gov/>). This will be the first meeting of the CALSIIEC Central Planning Area. **Read ahead and educational materials for the meeting are on the CALSIIEC website.** The full meeting agenda will also be posted on the CALSIIEC website (<http://www.calsiee.org/>).

This meeting is open to the public. Representatives of Federal, State, Tribal, County, City, and Special District Public Safety agencies, and non-governmental organizations with FCC Public Safety Radio Services eligibility are encouraged to attend and participate. OES welcomes RSVPs from attendees for planning purposes. **To RSVP,** or for more information on the California Statewide Interoperability Executive Committee, please contact: Samita Singh 916-324-7206 or [Samita.Singh@ohs.ca.gov](mailto:Samita.Singh@ohs.ca.gov).
